

Hamad Ullah

Full Stack Web Developer & Ecommerce Specialist

Doha, Qatar • +974 3161 8391 • devhamad19@gmail.com

PROFILE

Full Stack Web Developer specializing in business websites, CRM systems, ecommerce stores, and CMS development — PHP/Laravel, WordPress, Shopify, and technical SEO. Handles the full project lifecycle: development, hosting, SSL, and business email setup.

CORE SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Vue.js, Bootstrap
Backend	PHP, Laravel, MySQL
CMS & Ecommerce	WordPress, WooCommerce, Shopify
SEO & Search	Technical SEO, Product SEO, Schema Markup, Sitemap/Robots.txt, Google Search Console
Hosting & Tools	Hostinger, cPanel, SSL, Business Email Setup, Git/GitHub, VS Code, Chart.js

WORK EXPERIENCE

Full Stack Web Developer

Freelance / Independent — Doha, Qatar & Remote | Ongoing

- Built a custom CRM dashboard from scratch — auth, analytics, charts, task & user management (PHP, MySQL, Chart.js).
- Developed and SEO-optimized corporate/agency websites (Al Rehaab, Stratos Agency) with schema markup and Search Console setup.
- Built a tourism website with booking UI and a full admin panel for product management (Al Annabi Tourism).
- Handled end-to-end delivery — Hostinger/cPanel hosting, SSL, domain and business email setup — for every project.

Ecommerce & SEO Developer

Freelance / Independent — Remote (UK & Qatar Clients) | Ongoing

- Built a WooCommerce store (Tender Sleep Beds) — catalog, checkout, and storefront for a UK bedding retailer.
- Developed a Shopify store (Beds N Sofas) with custom Liquid theme code for a UK furniture brand.
- Ran technical & product SEO — schema markup, sitemap.xml/robots.txt, meta tags, Search Console configuration.

PROJECTS

CRM Dashboard System (crm.stratosagency.net)

PHP, MySQL, Chart.js, Bootstrap — auth, analytics, task & user management.
